TSR = 55%

Denotes Energy Star™ certified high reflectance color which can reduce cooling costs.

CLAY AND LIGHT BROWN AVAILABLE AS 29-GAUGE PRODUCT ONLY

[Click here for care and maintenance instructions](#)

NOTE: Colors shown have been matched as accurately as possible to actual finish. For exact color match, please request a metal color sample. Availability of colors and materials is subject to change. Most panels available are available in bare galvanized or bare galvalume.

† TSR = Total Solar Reflectance. An Energy Star certified color must meet the following TSR requirements: 25% initial, 15% after 3 years of exposure testing.

‡ Premium color. To ensure proper color match, orders for metallic colors should be placed so that they come from the same batch.
